SECOND ANNUAL

**“Partnering for Compliance™” West Coast**

*with the participation of the*

US Departments of State, Commerce, Defense,  
Homeland Security, OFAC, Census Bureau, and US & UK Trade

**August 24, 25 & 26, 2011**

**Hilton San José Hotel**

300 Almaden Boulevard, (Almaden Ballroom)

San José, CA 95110

Website: [www.sanjose.hilton.com](http://www.sanjose.hilton.com)

The Second Annual “Partnering for Compliance™” West Coast will focus on a broad spectrum of export/import regulatory and compliance matters of current relevance to companies and individuals involved in global trading.

**While we cater to all businesses, we place special emphasis on Small-to-Medium Businesses (SMBs) which rarely have the opportunity to gain first-hand knowledge from the experts. Please help us to ensure that your SMB contractors, suppliers, and clients have the opportunity to register for this ‘one-stop-shop’ program.**

Our objective is to expand your knowledge and awareness of the requirements needed to adhere to US export/import control regulations, thus helping to ensure your success as a global trader. Our speakers will endeavor to provide updates and discuss proposals on US Government initiatives and policies concerning export control licensing and enforcement issues to the best of their ability.

**To maintain the informal and interactive nature of our program, reservations are strictly limited to the first 200 paid-up registrants on a first-come, first-served basis. NOTE: All speakers have agreed, time permitting, to speak informally on a ‘one-to-one’ basis with participants. In an effort to facilitate as many participants as possible with this exceptional opportunity, we ask you kindly not to monopolize our speakers.**

Since 9/11 there have been considerable regulatory changes in US export controls. Notwithstanding the economic downturn, the complexity of international trade has changed significantly. The Department of Homeland Security, the enlarged EU, China’s WTO membership and rapid expansion into underdeveloped regions, political considerations, competition for scarce resources, and the emergence of the BRIC countries as global players have all impacted on both global trade and on how we do business. The recent global financial difficulties are an opportunity for our SMBs to source and resource new markets. US exporters labor under regulatory burdens that may put them at a disadvantage with their global competitors; therefore, solid up-to-date training and insights from the experts are some of our keys to success.

This interactive program will enhance your knowledge base, hopefully increase return on investment, and help maintain your employers’ compliance to become more competitive in the merging global markets. We urge you to have your questions prepared in advance. Answers will be forthcoming. Ample time has been set aside for the much-requested and valued Q & A sessions. An array of eminently-qualified senior experts from the Government and the private sector has been brought together to assist you.

An official Certificate of Completion outlining our 4.5 Continuing Education Units (accreditation granted by <http://www.industrycertification.org/approved-providers>) will be presented to each participant on Day 3 of the conference as evidence of having completed the program.
